

For Immediate Release

Wake Forest, NC April 2, 2006: VP Sales & Marketing, Steve Mattingly, Southern Lithoplate announced today the sale of a CtP solution to The Bradford Era, Bradford, PA.

"The Bradford Era has selected Viper® 830 lithoplates and the Screen PlateRite News 2000 from Southern Litho. We chose this combination for what we need today and in our future. Our selection criteria was selecting a partner with a solution that provides us with high quality hardware and affordable consumables that drive a superior ROI. Plus, we want to partner with someone that understands our business, our daily needs. Southern Litho bringing Screen in a package for us gives us the best of all worlds now and tomorrow, according to John Perrotto, Executive Vice President, Community Media Group.

"The Bradford Era represents the core of Southern Lithoplate's customer base and their CtP needs. Times are tight, paper, ink, supplies, labor, everything has increased in cost. Advertisers are going digital and the presses are getting older. Meeting with Mr. John Satterwhite at Bradford Publishing and Mr. John Perrotto, proved to be a great foundation for creating our working relationship with Dainippon Screen. Because of solid, open dialogue and long-term commitments like this one, Southern Litho was able to bring The Bradford Era an affordable best in class CtP Solution," stated Mattingly.
