

# QUALITY, VALUE & PERFORMANCE.

## YOUR PREFERRED PARTNER FOR CTP.

“The SLP Solution was easy to justify based on labor and materials savings. We are especially pleased with the improved print quality. Above all, Southern Litho’s support has been truly outstanding.”

*Tim Haywood  
Production Director  
Wilson Daily Times*

“We have been using computer to plate technology for over two years. We made the decision to convert to Southern Litho plates for quality reasons. We have seen a drastic improvement in the reproduction quality with Viper 830 plates, particularly in areas containing large solids.”

*Frank Mento  
Press Room Manager  
The Austin American Statesman*

“SLP’s personal attention to our specific needs helps us grow our businesses together. In SLP, we have a partner—someone genuinely vested in our success. In a very competitive marketplace, the personal attention SLP practices is a genuine difference maker.”

*Leonard Woolsey  
Publisher  
Times-Georgia*

“Southern Litho has exceeded the expectations of the Operation’s team in terms of quality, value and performance—outperforming our previous vendor.”

*Rick Sant  
Vice President Operations  
Orange County Register*

“We were in a jam. The odds of both of our Basys UV-setters going down at the same time were astronomical. But it happened. We were dead in the water. Southern Litho stepped in, promised and delivered the first of two thermal CtP units that was operable within days. After helping us through a difficult time, Southern Litho is more like a partner than a vendor.”

*J.K. Murphy  
Publisher  
Gwinnett Daily Post*

“Prior to switching to Southern Lithoplate, we were treated as just another customer—now that we’ve switched, service is truly outstanding. Combine consistent, terrific service with great product and value & the choice of preferred partner becomes self-evident.”

*Gary Blakeley  
Director of Enterprise Purchasing  
Freedom Communications, Inc.*

We are honored to serve as your preferred choice for CtP.  
Unparalleled commitment to quality, value, performance, personal service and technical support.
